

Requested Granger Disposal Facility:

- Grand River Avenue Landfill Wood Street Landfill Granger Recycling Center Granger Compost Services

I. Generator Information

Generator Name: _____ Contact Name: _____
 Generator Address: _____ Email Address: _____
 City: _____ County: _____ State: _____ Zip: _____
 Account Number: _____ Job Number: _____
 Phone Number: _____ Fax Number: _____

II. Waste Screening Information

Does generator produce any hazardous waste streams (as defined by US EPA or State of MI)? YES NO

Hazardous waste containers on site? YES NO

- Conditionally Exempt Generator Small or Large Quantity Generator Unsure of regulatory status

Indicate the category which best describes this waste stream:

- Industrial/Manufacturing Household Other (specify) _____
 Commercial Construction & Demolition Debris

The following prohibited wastes CANNOT be accepted under any condition.

- Hazardous Waste & Hazardous Waste Containers/Labels
including items such as electronic (or e-waste), fluorescent light ballasts, & fluorescent tubes
- Low-level Radioactive Waste & Radioactive Labeled Containers
- PCB's
- Lead Acid Batteries
- Sewage and Septic Waste
- Used Oil
- Explosives, Ammunition, and Firearms
- Oil Based Paint
- Liquid Waste (of Free Liquids)

Does the waste include any of the following conditionally prohibited wastes? Check all that apply.

- Asbestos - requires proper packing and handling Empty Drums - must be clean and crushed
 Medical Waste - decontaminated or packaged as required Yard Clippings or Yard Waste
 Whole Motor Vehicle Tires - must be cut in half Used Beverage Containers i.e. \$.10 deposit cans and bottles
(only acceptable in very small quantity)

Does the waste include any of the following special wastes? Check all that apply.

- Compressed Gas Cylinders - must be empty and disabled Contaminated Soil - requires testing to confirm non-hazardous
 Dead Animal Carcasses - will not be accepted in large quantity Paint - waterbased paints can be solidified
 Incinerator Ash - must be tested to confirm non-hazardous Oil Filters - must be drained for 24 hours
 Sandblasting Materials - requires test to confirm non-hazardous Sandblasting Materials - requires test to confirm non-hazardous
 Refrigerants/Freon - Freon must be removed prior to disposal Waste Water Sludge

Industrial/Manufacturing Generators ONLY:

Does generator produce any of the following? If so, refer to appropriate waste acceptance representative for further analytical documentation

- Degreasing waste Distillation residues Spent catalysts Sandblasting material
 Contaminated Soil Baghouse dust Paint operation residue Foundry sand
 Ash from furnaces Neutralization wastes Heat treating waste Centrifuge residue
 Grinding wastes Filtration residues Food processing wastes Sulfide or cyanide wastes
 Pollution control wastes Plating wastes Sludges from pits or tanks
 Printing wastes Grease trap wastes Waste from coating operations

III. Generator Certification

I hereby certify that to the best of my knowledge and belief, the information contained herein is true, complete and accurate description of the waste material being offered for disposal and all known or suspected hazards have been disclosed. All analytical results submitted are truthful and complete and are representative of the waste. I further certify that by utilizing this questionnaire, neither myself nor any other employee of the company will deliver for disposal or attempt to deliver for disposal any waste which is classified as toxic waste, hazardous waste or infectious waste, or any other waste material this facility is prohibited from accepting by law. I shall immediately give written notice of any change or condition pertaining to the waste not provided herein. Our company hereby agrees to fully indemnify this disposal facility against any damages resulting from this certification being in accurate or untrue. For the purposes of documentation on this Waste Profile Questionnaire, signatures transmitted by facsimile machine shall be treated in all manner and respects as an original and shall be considered to have the same binding legal effect as an original document.

As the generator of the above profiled waste you are responsible to inform Granger if the character of the waste changes at any time.
