

# WASTE PROFILE QUESTIONNAIRE

## GRANGER DISPOSAL FACILITY:

Wood Street Landfill  Other (to be approved by Granger personnel): \_\_\_\_\_

## I. GENERATOR INFORMATION

Generator Name: \_\_\_\_\_ Contact Name: \_\_\_\_\_  
Generator Address: \_\_\_\_\_ Email Address: \_\_\_\_\_  
City: \_\_\_\_\_ County: \_\_\_\_\_ State: \_\_\_\_\_ ZIP: \_\_\_\_\_  
Account Number: \_\_\_\_\_ Job Number: \_\_\_\_\_  
Phone Number: \_\_\_\_\_ Fax Number: \_\_\_\_\_

## II. WASTE SCREENING INFORMATION

Does generator produce any hazardous waste streams (as defined by U.S. EPA or State of MI)?  YES  NO

Hazardous waste containers on site?  YES  NO  
 Conditionally exempt generator  Small or large quantity generator  Unsure of regulatory status

Indicate the category which best describes this waste stream:

Industrial/manufacturing  Household  Other (specify): \_\_\_\_\_  
 Commercial  Construction & demolition debris

The following prohibited wastes CANNOT be accepted under any condition:

- Hazardous waste & hazardous waste containers/labels, including items such as electronic (or e-waste), fluorescent light ballasts & fluorescent tubes
- Low-level radioactive waste & containers labeled as radioactive
- Explosives, ammunition & firearms
- PCBs
- Sewage & septic waste
- Oil-based paint
- Lead acid batteries
- Used oil
- Liquid waste

Does the waste include any of the following conditionally prohibited wastes? Check all that apply:

- Yard clippings or yard waste — only if contaminated with trash
- Medical waste — decontaminated or packaged as required
- Empty drums — must be clean & crushed
- Used beverage containers (i.e. 10¢ deposit cans & bottles) — only acceptable in very small quantity
- Whole motor vehicle tires — must be cut in half
- Asbestos — requires proper packing & handling

Does the waste include any of the following special wastes? Check all that apply:

- Compressed gas cylinders — must be empty & disabled
- Contaminated soil — must be tested to confirm non-hazardous
- Dead animal carcasses — will not be accepted in large quantities
- Paint — water-based paints can be solidified
- Incinerator ash — must be tested to confirm non-hazardous
- Oil filters — must be drained for 24 hours
- Sandblasting materials — must be tested to confirm non-hazardous
- Waste water sludge
- Refrigerants/Freon — Freon must be removed prior to disposal

### Industrial/Manufacturing Generators ONLY:

Does generator produce any of the following? If so, refer to appropriate waste acceptance representative for further analytical documentation.

- Degreasing waste
- Distillation residue
- Spent catalysts
- Sandblasting material
- Contaminated soil
- Baghouse dust
- Paint operation waste
- Foundry sand
- Ash from furnaces
- Neutralization waste
- Heat treating waste
- Centrifuge residue
- Grinding waste
- Filtration residue
- Food processing waste
- Sulfide or cyanide waste
- Pollution control waste
- Plating waste
- Sludges from pits or tanks
- Printing waste
- Grease trap waste
- Waste from coating operations

## III. GENERATOR CERTIFICATION

I hereby certify that to the best of my knowledge and belief, the information contained herein is a true, complete and accurate description of the waste material being offered for disposal, and all known or suspected hazards have been disclosed. All analytical results submitted are truthful and complete and are representative of the waste. I further certify that by utilizing this questionnaire, neither I nor any other employee of the company or subcontractors directly related to the waste material acting under my or the company's direction will deliver for disposal or attempt to deliver for disposal any waste which is classified as toxic, RCRA listed, or characteristically hazardous, infectious, or any other waste material this Type II landfill facility is prohibited from accepting. I shall immediately give written notice of any change or condition pertaining to the waste that has not been previously provided. Our company hereby agrees to fully indemnify this disposal facility against any damages resulting from this certification being inaccurate or untrue. For the purposes of documentation on this Waste Profile Questionnaire, signatures transmitted electronically shall be treated in all manner and respects as an original and shall be considered to have the same binding legal effect as an original document. As the generator of the above profiled waste you are responsible to inform Granger if the character of the waste changes at any time.
